

CAMcraft C61 6.1m Cuddy Cab

The C61 Cuddy Cab was designed as a versatile, comfortable boat suitable for serious coastal fishing and diving or general purpose family use. It has a large cockpit for fishing, generous platforms for divers or swimming and 1800mm long bunks forward. The design is a moderate developable hard chine hull with built-in dropped chine strakes. A generous waterline beam and long, fine entry combine with a gentle chine line and 16° deadrise. This hull is easily driven, exhibits good seakeeping and a dry soft ride.

PARTICULARS

Length Overall:	6.43m
LOA (hull only):	6.21m
LWL:	5.06m
Beam :	2.35 m
Design Draft:	0.26 m
Depth:	1.365m
