

## CAMcraft D60 6.0m Dory

The D60 dory was originally designed for gill netting in the professional barramundi fishery in the Gulf of Carpentaria. The majority of the operators in this fishery now use them exclusively. It has since been adopted widely by operators in the mackerel fishery. The boat provides them with incredible load carrying, stability and a soft ride.

### PARTICULARS

Length Overall:	6.0m
LWL:	5.05m
Beam :	2.25 m
Design Draft:	0.175 m
