

## CAMcraft JC74 7.4m diesel/jet C/Console

The JC74 diesel waterjet centre console was designed in response to a request for a large seaworthy centre console suitable for both pleasure and serious commercial duties.

The design is a moderate developable hard chine hull with built-in dropped chine strakes very close in form to the other hulls in the range. As with all the hulls in the series it is easily driven, exhibits good seakeeping, a soft, very dry ride and good stability at rest and under way.

### PARTICULARS

Length Overall:	7.4m
LOA (hull only):	6.75m
LWL:	6.4m
Beam :	2.5 m
Design Draft:	0.3 m
Depth:	1.49m
Deadrise:	14° @ transom
Fuel Capacity:	200L
