05-49 14m Luxury Home Cruiser

The 14m home cruiser is a class leading design for either private use or charter operations. With maintenance-free GRP hulls and easily constructed and finished aluminium superstructure it is suited for either. The simple, yet practical layout allows for 8 guests to holiday in luxury. A large galley and dining area leads forward to the foredeck sitting area with closeable awning whilst the aft stairs lead to the huge upper deck party/entertainment area. It is simple to drive and navigate from the upper deck helm.
