

## 06-P98 8m Harbour Patrol Boat

The design is a moderate developable hard chine hull with built-in dropped chine strakes based on the proven performer CAMcraft C74. A generous waterline beam and long, fine entry combine with a gentle chine line and 16.5° deadrise. This hull is easily driven, exhibits good, seakeeping, a soft ride and good stability at rest and under way.

The vessel is designed to the Australian USL Code with the structure designed to Australian Standard AS4132.2-1993.
